

DOT SHOT® PRO

SIMPLICITY MEETS PRODUCTIVITY

Introducing the Dot Shot® Pro. So easy to use, so versatile, it replaces other handheld adhesive products.

SIMPLY WORKS

To use the Dot Shot Pro, simply roll the nose roller over any surface. Apply a single Glue Dot or dozens of them in one easy motion. No adhesive is wasted. Reloading is easy, and scrap liner rewinds inside the dispenser.

SIMPLY SAFE

With no sharp edges or cutters, the Dot Shot Pro is safer than a tape gun. Its ergonomic, triggerless design makes it safe for repetitive use. And it does not require electricity, so there are no cords to hold it back.

SIMPLY VERSATILE

The Dot Shot Pro is rugged, light and portable. It can go anywhere and do any job, dispensing just the right amount of adhesive every time. No mess, no hassle.
